- If you happen to choose a décor/substrate combination that has not been made, then some additional time for set up will be required.
- A dispatch date ex Hamilton Plant will be confirmed at time of order and verified on the Laminex New Zealand Order Confirmation.

Non Standard Product Ordering

Non standard products are single-sided, mixed decors and mixed finishes.

- **Mixed plate** finishes are subject to a one off charge per order and a minimum order of 50 sheets is required.
- Dispatch dates to be confirmed at time of order and verified with an order confirmation.
- Order confirmations can be emailed. Call customer service on **0800 303 606** to set this up.
- Single-Sided board (Face 1) and Mixed Décor board can be produced.
Note the thinner the single sided board, the more susceptible it is to bowing due to the uneven nature of the lamination.
- For board with a different decor on each side, bowing will be greater than the same decor pressed on both sides.
- Providing that these finishes are in Naturale or Pearl, they will be part of the daily production schedule. If not, the weekend production schedule will apply.
- Orders must be in multiples of 2 sheets.
